

DON'T LET THESE **F.O.G. MISFITS** BECOME A PAIN IN THE DRAIN!

SacSewer has put out an APB on the **SacTown Clog Squad**, last seen clogging pipes and causing sewage overflows with Fats, Oils, and Grease (**F.O.G.**) in the Sacramento region!

Put these troublemakers out of business by properly disposing of F.O.G. with these two easy steps: →

#1: Can it: Once cooled, put hardened fats, oils, and grease into a sturdy container—like a leftover soup can. Then, put the container in the garbage.

#2: Scrape it: Scrape all food scraps, including fatty and greasy leftovers, into the Organics cart, **NOT** down the drain.

FATTY FOOD SCRAPS

OILY SLUG

GREASY GUNKSTEI
